Whatever it Takes

I am writing this segment as our district work and witness team is finishing up the last bit of projects that began earlier this week at our Wainuimata church near Wellington.

There was much to be done and God has given us the strength to finish what we set out to complete. But there were inner workings that the Lord was doing simultaneously through us as a team, the community and Pastor Pele and his wife Leonor.

I saw our Father give the team a "Whatever it takes" attitude that carried us through long days, fixed new problems that arose and endured wicked weather.

I saw Pator Pele and Leonor's heart that spoke volumes through their humble and quiet

spirits that showed a willingness to be used however the Lord wanted.

I saw two of our young people make a connection with some neighborhood kids that were anything but "churched" yet continued to meet with Martin and Joseph at 3 and 4 in the morning and ask questions about the church and God and even attended church on Sunday!

I know that we serve a God in heaven who did whatever it took to save his children by sending His only Son to us by which we are saved and can live by the same mission and passion as we tell others no matter what it takes!
