

Mango Tree Tonga

A shipping container of equipment is being sent by a Christian group of Physiotherapists and Occupational therapists to Tonga at the end of August. We are being given space in this container and so it is a great opportunity for us to send the following items to help Amanaki and Ofa (InKwon and Jeon Seok) as they bring Hope and Love to the handicapped people and their families. We would like each church to see what they can contribute. Items need to be at 16 Sophora Place or Otara Church by end of August.

The following items would be very helpful.

Clean children's clothing, women's tops and men's shirts and sports shorts.

Baby Formula

Packets of Full Cream Milk powder

Tubes of toothpaste, tooth brushes, soap and shampoo

Sheets, Towels and Pillow cases

Used computers, mouse, keyboards,

Medicines, eg. Panadol, skin cream,

Diapers Disposable

Babies and adult bibs

Tins of fish mackerel, baked beans

Small toys, small rubber balls and books especially hard board books. Kindergarten toys for teaching hand-eye coordination.

All of us have been blessed through their ministry in these passed weeks. We now have another opportunity to share with those in need.

Contact Neville and Joyce for more information.

Thank you so much, Neville and Joyce.
